## INTERNATIONAL CHAMPIONSHIP OF THE LIGHTS OF BMX RACE 2019 HISTORICAL CONTEXT

The International Championship of the Lights of Bicycross arrives in the year 2019 to its fourteenth edition, being the great closing event of the sports season for all the riders participants, that's why this event becomes more than a race, the tracks of Medellín are transformed into the main headquarters of the family of the bmx race world, where the encounters, the anecdotes, memories and experiences of the whole year are framed in the competitions on the slopes of the capital of the mountain.

In the field of BMX, the International Championship of Lights is positioned as one of the most important in Latin America for its high participation, its great organization and high level of sport that for this year will have a special seasoning in the Championship categories, as both days of competition will be category C1, which means that 120 points will be at stake in the final stretch for the Olympic Games Tokyo 2020.

In the year 2018 more than 1000 bicicrosistas of the delegations of Colombia, Argentina, Brazil, Peru, Bolivia, Ecuador, Venezuela, the United States, Canada, Aruba, Curacao and France participated. For this 2019 the goal is to have 1200 bicicrosistas competing in the challenger track "Antonio Roldan Betancur" of Medellín.

During the event, the event was attended by the best elite riders in the world, including the Olympic champions Maris Strombergs from Latvia and the Colombian Mariana Pajón Londoño, who has been the winner in 11 of the 13 editions held in the Elite category. .

The level of competition has been so high, that only two foreign athletes have been champions of this event in the elite men, they are the legendary Kyle Bennett (USA) (R.I.P) and Vincent Pelluard (France), in 2014.

	<b>XIV INTERNATIONAL CHAMPIONSHIP OF LIGHTS</b> <b>C1</b> Medellín – Colombia, December 5, 6, 7 and 8 2019	
---	---	---

The current Champion in the men's elite category is the athlete of the Paisitas Club of Medellin and the Olympic medalist in London 2012 Carlos Mario Oquendo and the winner in the highest category was Sergio Ignacio Salazar López, better known as NACHO, who has won 4 times.

## 1. DEFINITION

BMX is a sport that due to its technical characteristics requires great dedication and discipline, the arduous training days make the practitioners of this sport healthy, responsible, disciplined and with strong values that serve society, that is why It is necessary to carry out large-scale events such as the International Championship of Lights to continue the growth of the BMX discipline in the city of Medellin and the department of Antioquia.

## 2. GENERAL OBJECTIVE

Establish the International Championship of the Lights of BMX as the most important event of the closing of the Sports Calendar of the Continent, contributing in the consolidation of the positive image of the city through sport, culture and tourism, being a great competitive reference of the riders of the country, allowing to continue the steady growth of sport in the region.

## 3. SPECIFIC OBJECTIVES

- Carry out a bicycle race with the highest quality standards and endorsed by the UCI with C1 tests in the Championship categories during the two days of competition.
- Generate an atmosphere of competition, spectacle and sportsmanship.
- Achieve the participation of 1200 athletes in the XIV version of the International Championship of Lights.
- Take advantage of the Christmas season of the city of Medellín as an attraction to massify the participation of athletes and tourists of bicicross in the city.

	<b>XIV INTERNATIONAL CHAMPIONSHIP OF LIGHTS</b> <b>C1</b> Medellín – Colombia, December 5, 6, 7 and 8 2019	
---	---	---

- Turn the International Championship of Lights into a great commercial showcase for sports brands through commercial proposals that allow an economic return to brands and organization.
- Deliver to the city of Medellín a great sporting event at the end of the year, where the image of the city continues to position itself positively internationally through sports.

#### 4. THE CITY OF MEDELLÍN

Better known as the City of Eternal Spring, the City of Flowers or the Capital of the Mountain. It is located in the Department of Antioquia, on the Central Mountain Range of the Andes, at 1,400 meters above sea level. With an average temperature of 22 degrees Celsius, and surrounded by beautiful mountains. Medellín holds the title of "The Most Innovative City in the World", it is considered the industrial capital of Colombia and one of the best tourist destinations in our country.

In December, the city is adorned with a Christmas fantasy lighting to offer its residents and visitors the best Christmas atmosphere, which is why the event is called the International **Championship of Lights of Bicross**.

In addition, during the International Championship of Lights, in Medellín there is also the traditional **Parade of Myths and Legends**, where oral tradition, ancestral beliefs and mythological characters take the city in a combination of color, culture and magic. Another great event to enjoy during the bmx party.

## 6. THE TRACKS AND CHAMPIONSHIPS

### TRACK CHALLENGER ANTONIO ROLDÁN BETANCUR

The **International Championship of Lights** will be held on the track "Antonio Roldán Betancur" of the city of Medellín, in six skill levels named as follows: (Seedbeds, Beginners, Rookies, Experts, Junior and Elite).

The Antonio Roldán Betancur track has been the birthplace of great Colombian BMX race champions such as Mariana Pajon, Carlos Ramirez, Carlos Mario Oquendo, Santiago Duque and Augusto Castro, among others, being the epicenter for more than 30 years of the great athletes of the Colombian BMX .

In 2016 the layout evolved, giving way to the "Antonio Roldán Betancur" world track, 380 linear meters with a 6-meter-high splitter, three superelevations and four straight lines that allow the riders to exhibit their best technique and skill on the bike.

In this track the main races of the departmental and national calendar are run, in the month of July of 2018 the Pan-American BMX Championship was held, considered by many to be one of the best in history.

The track is located in the Andrés Escobar Sports Unit of the Belén Rosales neighborhood, close to the Metro System, with a Metro Plus station about 20 meters away, which connects the runway with the entire city.

## IMPORTANT:

1. Of the obligatory nature of the license: The athletes of the different countries must prove their federation license. The local athletes (Antioquia) must prove their Departmental License. In the level of skill of Mini Riders and Seedbed does not require to credit any type of license, because this is a modality of exhibition and promotion, noncompetitive, but must have EPS or accident policy. NOTE: Anyone who does not have a departmental or national license, must attach the certificate of affiliation to the current EPS or accident policy at the time of registration, without the certificate of affiliation to the EPS. **THEIR PARTICIPATION WILL NOT BE ALLOWED.**
2. The skill level Mini Riders and Semillero is conformed by the athletes of the different schools of initiation and sports training. In this level of skill, the only thing the organization tries to promote is fun, therefore there is no competition as stipulated in the Sports Law; This means that in the dynamics of the event there will only be three rounds and at the end of the third round all the athletes from each race will go to the podium for their participation trophy. There is no first, second or third place, they are all winners for participating. At this skill level, the use of clips on the shoes and / or pedals is not allowed.
3. Junior and elite categories will be governed by the UCI regulations.
4. In the Challenge skill level categories, the minimum required for a competitive category will be 5 registered athletes.

## 9. AWARDS

### PRIZE MONEY Championships: Junior and Elite

Junior and Elite classes will have the following awards. Prize money will be payed by cash in US Dollards as you will find bellow .

We are also going to have the overall winner for the 2 days of racing, counting all laps during the day. The champion will be geared with the leader jersey as the new champion of the “Campeonato internacional de las luces”
